

Xerox® EX-i C9065/C9070 Print Server Powered by Fiery®

SPECIFICATIONS

World-class color output and simplified document layout and composition, all in a more efficient, integrated workflow.

ACCURATE, CONSISTENT COLOR.

Fiery Edge™ profiles deliver stunning color with the smoothest color blends, maximum shadow details, and superb image definition. Accurately match and manage corporate, PANTONE®, and custom spot colors with Fiery Spot-On™ and the optional Fiery Spot Pro. Fiery TrueBrand™ makes it easy for anyone to print accurate brand colors from Microsoft Office applications.

Xerox® EX-i C9065/C9070 Print Server for
the Xerox® PrimeLink® C9065/C9070 Printer

XEROX® ADAPTIVE CMYK PLUS TECHNOLOGY.

Paired with the Xerox® EX-i C9065/C9070 Print Server, Xerox® Adaptive CMYK Plus Technology opens new opportunities in one of the fastest growing segments in print – specialty printing. It is sold as an accessory and engineered to augment the traditional cyan, magenta, yellow, and black (CMYK) offering and deliver specialty embellishments on demand.

The accessory expands the device's color capabilities with fluorescents and metallics, white and clear, transforming one printer into three. This technology opens new doors to growth, allowing printers and creatives in all fields to produce brilliant and unique pieces such as greeting cards, flyers, invitations, posters, and signage.

TURN UP THE IMPACT WITH PERSONALIZATION.

Offer personalized printing with Fiery FreeForm™ Create. Quickly personalize existing files by adding various elements such as text, images, or barcodes.

STREAMLINE DOCUMENT LAYOUT AND COMPOSITION.

Manage tabs, specify media selections, apply last-minute edits, and assign multiple finishing requirements with the standard Fiery Compose. Or, add Fiery JobMaster™ (optional) to define and design complex tabs and perform advanced page editing functions.

AFFORDABLE INTEGRATION.

Standard Fiery JDF connectivity boosts digital workflow efficiency by integrating with existing prepress, web-to-print, or MIS/ERP systems to eliminate manual touchpoints, errors, and resource waste. The server integrates with Xerox® Standard Accounting Feature and automates cumbersome tasks with support for Xerox® ConnectKey® Apps.

INTELLIGENT PRODUCTION.

Add the optional Fiery JobExpert™ and PDF Processing Kit to get jobs out quicker. Intelligent automation technology automatically analyzes incoming PDF files and dynamically chooses optimal Fiery print settings. Plus, ensure predictable output with Adobe PDF Print Engine rendering technology.

SIMPLIFY PRINTING.

The Fiery Essential Driver increases productivity with a simple, intuitive way to print common office documents in just a few clicks. Or, print with the Fiery server using the Xerox® Global Print Driver®.

xerox™

FIERY DRIVEN™ ENGINES

- Xerox® PrimeLink® C9065/C9070 Printer
- Supports all engine finishing devices

HARDWARE/PLATFORM

- Fiery® FS500 software
- Intel® Core™ i3-8100 Processor
- 4 GB RAM
- 500 GB HDD
- Four USB 3.0 ports
- Linux® operating system
- Fiery Installer Builder
- USB media server

FILE FORMAT SUPPORT

- Adobe® PostScript® Level 1, 2, 3
- Adobe PDF
- PDF/X-1a, 3
- PDF/X-4 (optional, requires Adobe PDF Print Engine)
- Enhanced PCL® 6/PCL 5
- Microsoft® Native Formats (doc/x, xls/x, pub/x, ppt/x) via the Fiery driver or Fiery Hot Folders
- EPS, JPEG, TIFF (optional)

FIERY COLOR AND IMAGING

- Idealliance Digital Press Certification
- Fiery Edge™ color profiles
- Fiery Spot-On™
- Fiery TrueBrand™
- PANTONE® Color Enabled
- Composite overprint
- Image smoothing
- Image enhance
- Calibration
 - Fiery Calibrator
 - ColorCal (standard, off the glass)
 - EFI™ ES-3000 spectrophotometer (optional)
- Auto-trapping
- Fiery Smart Estimator¹
- Supports Xerox® Adaptive CMYK+ Kit

ADOBE INTERPRETER SUPPORT

- CPSI (PostScript) version 3020
- Adobe PDF Print Engine 5.5 (optional)³

PERFORMANCE

- SmartRIP
- Spool-RIP-print simultaneously
- Scan-RIP-print simultaneously
- Strict ordered printing

VARIABLE DATA PRINTING (VDP)

- Fiery FreeForm™ Create
- Supported file formats include Fiery FreeForm Plus, PDF/VT-1 (optional), Optimized Postscript® and PDF
- VDP Record Range Printing
- Define record length
- VDP Raster Preview
- Record and set level finishing support

PRODUCTIVITY AND WORKFLOW

- Fiery Command WorkStation®
- Fiery JobExpert™ (optional)
- Fiery Compose
- Fiery drivers for Windows and Mac
- Fiery Essential Driver
- Integration with Xerox® Global Print Driver®
- Print time estimation
- Fiery Hot Folders/Virtual Printers
- Fiery WebTools
- Rush Print, Print/Process Next, Sample Print, Force Print, and Suspend on Mismatch
- Fiery Remote Scan
- Fiery VUE
- Fiery Go (Android and iOS)
- Booklet Maker
- Direct mobile printing
- Copy numbering
- Standard support for XLS media
- Paper Catalog
- Automatic two-sided printing
- Cover selection
- N-up
- Watermarks
- Banner sheets
- Sample print
- Output tray selection

NETWORK CONNECTIVITY

- TCP/IP, AppleTalk, Bonjour support, SNMP, Port 9100, IPP, FTP, SMB, WSD, point and print, print via email (PS/PDF), IPv6 support, LDAP Authentication
- Single and Dual TCP/IP connectivity for integration with Xerox Extensible Interface Platform® (EIP)

SECURITY

- Secure erase, Security Profiles, Security Audit Log (integrates with SIEM solutions)
- Port blocking, IP filtering, 802.1X authentication, IPsec encryption, HTTPS with TLS 1.3 support
- Enhanced certificate management. Fiery self-signed certificates are recreated automatically
- Secure printing, PostScript security, USB security
- Closed architecture
- Digitally signed software updates

POWER

- Auto-switching: 100–240 VAC. 50/60 Hz, 1.5 -1 Amps
- Maximum power usage: 80 W, 1.5 Amps @ 100V
- Typical power usage: 30 W, 1 Amp @ 100V

EMI/EMC

- FCC and ICES-003 (US and Canada)
- CE Mark – EN 62368-1:2014 + A11:2017 (EU)
- RCM Mark (Australia and New Zealand)
- UK CA Mark (UK)

SAFETY

- CB Scheme – 62368-1, 2nd Edition
- CU-Mark (US and Canada)
- T-Mark (EU)
- UK CA Mark (UK)

FIERY OPTIONS

- Fiery Impose¹
- Fiery JobMaster™¹
- Fiery JobExpert™ and PDF Processing Kit
 - Fiery JobExpert, Adobe PDF Print Engine, PDF/VT-1 support, plus additional 4GB RAM
 - Includes exclusive JobExpert settings for the Xerox® PrimeLink® C9065/C9070
- Fiery ColorRight Package¹
 - Fiery Spot Pro, Fiery ImageViewer, Fiery Image Enhance Visual Editor, Fiery Control Bar, Fiery Postflight
- Fiery Automation Package¹
 - Fiery Preflight, Fiery JobFlow Base, Schedule Print, Fiery Hot Folder Filters
- Fiery Color Profiler Suite² with EFI ES-3000 Spectrophotometer
- Fiery Hub Kit (Dual IP)

INTEGRATION

- Native Fiery JDF
- Fiery API
- Xerox® FreeFlow® Digital Workflow Collection
- Xerox® Standard Accounting
- MIS and web-to-print integration ready
- Prepress workflow integration (Agfa® Apogee, Kodak® Prinergy, Heidelberg® Prinect, SCREEN EQUIOS)
- Compatible applications include Xerox® Workplace Suite, Xerox® Workplace Cloud, PaperCut MF/NG, Equitrac Office, YSoft SafeQ, Nuance AutoStore, and more
 - For a complete list of integrations, please visit: fiery.efi.com/xerox-apps

¹ Free 30-day trial available
